Applicant:	Flathead County Solid Waste District 4098 Hwy 93 North Kalispell MT 59901
Application No.:	14883
R/W Purpose:	a 30-year limited term easement for a solid waste greenbox location site, a public access road and a vegetative buffer zone
Lessee Agreement:	N/A (Unleased)
Acreage:	5.67
Compensation:	\$32,863.00
Legal Description:	a tract of land and a 60-foot strip in the SW4NE4, Sec. 16, Twp. 27N, Rge. 23W, Flathead County
Trust Beneficiary:	Common Schools
Classification:	III

Applicant has requested use of an area of state land for placement of a new public refuse greenbox site. Located approximately 11 miles west of Kalispell, this site will be screened for aesthetic purposes and is set back from Highway 2 for a distance of 200 feet. Additionally, a vegetative buffer zone is planned. As part of this project, the County abandoned a portion of an existing county road connected Ashley Lake Road with Highway 2 through this state land parcel. This existing access had limited sight distance and would have caused unsafe conditions. The new proposed access road directly from Highway 2 mitigates the potential sight distance problem and will provide a safer means of access to the container sight. The MDT has approved an approach permit for the proposed access road. Public hearings have been held and the public is in full support. The Department is recommending a 30-year term easement, which is considered to be the life-span of such greenbox sites. Prior to expiration of the easement, the solid waste district will reclaim the area to the Department's specifications. The Department recommends approval.
